ŠKODA

The New ŠKODA Octavia - Accessories

The ŠKODA Octavia can meet many expectations, so it's no wonder it has been popular with families who have kids as well as, for instance, young couples with an active lifestyle. However, the Octavia has also been a popular business car as well as a pleasant commuting companion. And each Octavia owner puts emphasis on different things - that's where the range of **ŠKODA Genuine Accessories** comes into play. With them, you can accentuate the features of your car that are crucial for you - like individualising it with design features such as alloy wheels or decorative foils giving it a sportier look, underscoring its comfort or increasing its transport capacity.

Products from the range of ŠKODA Genuine Accessories are actually an extension of our standard and extra equipment levels and as such they have been approved by ŠKODA AUTO. Their other advantages include a long service life, safety, original design and accurate fit. You can get ŠKODA Genuine Accessories together with competent advice and service from any authorised ŠKODA partner.

Our range will be extended by products designed specifically for the Octavia Combi model from the 2nd quarter of 2013.

Sport & design

Whether you want a sportier look for your car or just wish to add a more individual touch to it, you will certainly find the right solution with our sport & design product range. The simple and precise design of the new Octavia model forms a perfect basis for our sports packages and other decorative features from the ŠKODA Genuine Accessories.

Sport Look package: a set of decorative foils in black colour with a carbon texture and 5th door spoiler for Octavia or roof spoiler* for Octavia Combi and external mirrors in matt black colour. We recommend a combination with 18" Turini alloy wheels in matt black design and decorative strip of the front bumper in glossy black colour.

* Available during the 2nd quarter of 2013.

Sport package*: front bumper spoiler, rear bumper spoiler, 5th door spoiler for Octavia or roof spoiler* for Octavia Combi and decorative lateral strips
We recommend a combination with 18" Turini alloy wheels in matt black design and decorative strip of the front bumper in glossy black colour.

* Available from the 4th quarter of 2013.

In addition to the complete packages, you can choose from our individual products that will increase the attractiveness and underline the unique character of your car. Our range includes spoilers, chrome exterior elements, door sill covers as well as exclusive leather features for the interior. The individuality of your car can further be accentuated with alloy wheels, some of which are available also in black or white design.

Music & communication

Simply Clever software enables an upgrade and update of additional software equipment so that it's always up-to-date. It allows implementation of the latest functions for the comfort, security and fun categories. ŠKODA Genuine Accessories now offers the **Driver Activity Assistant** (5E0 054 801), which continually (at speed exceeding 65 km/h) evaluates the style of driving and in case of detecting behaviour that might be a sign of the driver's tiredness, recommends taking a break, via both acoustic and optical signal.

Comfort & utility

The wide range of comfort & utility products from ŠKODA Genuine Accessories enables you to increase both passenger comfort and the practicality of your car in any season of the year. While some accessories will make you look forward to your summer trips even more, a ski sack will come in handy on your winter sports trips. Foot mats as well as a boot mat or a plastic boot dish will help you keep your car clean and the netting system or the multifunctional box under the luggage compartment cover will considerably enhance the storage options in your car.

Transport

With ŠKODA Genuine Accessories transport products, you can set off for winter or summer sports even in a fully occupied car. In addition to the spacious boot, you have even more storage space – on the roof. We offer you practical and reliable roof racks as well as various lockable carriers and holders for your bikes and snowboards. In addition, there is a ski box in the ŠKODA design and a bicycle carrier mounted to the tow bar.

Basic roof rack (5E5 071 126)*

**CITY CRASH
TESTED
TECHNOLOGY**

The **City Crash** is a method of testing genuine accessories products that can be fitted to the vehicle's body, such as roof railings, transverse roof racks and other transport systems including boxes, bicycle, ski and surfboard carriers etc.

Method: A section of the body is fitted to special skids, which are travelling at a speed of 30 km/h. At the moment of the simulated collision, the force reaches between 9 and 12 G's and lasts for 80 ms.

Evaluation: In order to successfully pass the City Crash test, none of the transported objects may get detached from the body, which demonstrates that the safety of both pedestrians and other vehicles in real traffic is not endangered by the product.

* Available during the 2nd quarter of 2013.

Transverse roof rack for Octavia Combi (5E9 071 151)*

Bicycle carrier for a tow bar; 2 bikes capacity (3T0 071 105)

Car safety extends from the well-being of the crew through to the security of the car itself and the mandatory equipment. This is why our range is so wide, offering, among others, child seats, a mechanical drive locking system and first aid box. We have thought of everything, including how to prevent getting stuck on a snowy mountain road – just pack in the snow chains and a shovel.
